Every year, the company releases dozens of new wall tiles series for home and office interiors, public and retail spaces.

AN AMBIANCE THAT WILL LIFT YOUR SPACE HIGH

we have collected the most relevant in modern design: from maximalism with a riot of tropical colors to the suprematist SUPREME motifs, modernist panels. We were inspired by everything that has become the pinnacle of interior fashion the rethinking of traditional ornaments and shapes, pronounced textures, pure colors and delicate shades in harmonious and contrasting combinations, unusual patterns and graphics in a word, the most striking trends that will not become obsolete in the coming years and even decades.

The shades that comprise the Glossy series, thanks to their sobriety and naturalness, perfectly integrate with the contemporary style of home furnishing. The minute details that characterized the glossy collection are seen best in the threedimensional structures decor; in the Wall 3D, for example, built from small bush-hammered, honed and sand-blasted-pieces, or in the Rub decor, which with its worked surface, tells the story of the material quality of sedimentary stone. The Wall Caddle interprets an assemblage of tradition, which combines perfectly with the rest of the collection, thanks to its naturalness.
